Re: Application to Amend Vista Ridge Drilling and Operating Permit No. POS-D&O/A&M-001d
("Operating Permit") and Transport Permit No. POS-T-0001d ("Transport Permit")

Delivered via email to pterrill@terrillwaldrop.com

Dear Mr. Terrill:

After review by the technical and legal professionals, I wish to inform you that your applications for four amendments to the above have been declared administratively complete. While the applications have been declared administratively complete, a concern was noted related to the leases and whether they have expired, held by production payments or been replaced. It was the same concern noted when you filed these applications earlier and one which, while not preventing things from moving forward for hearing, certainly is still of concern.

Pursuant to Rule 7.5, the District intends to undertake setting a hearing on the four amendments within the next sixty days and will request availability from the Board at our upcoming meeting on August 6, 2019. That said, I also wish to hear from you as to the availability of your team. I am presently looking at October 1 or sometime near there, so if you would please let me know of any conflicts, I would appreciate it.

Sincerely,

Gary Westbrook
General Manager
