Nov. 26, 2019

Dear Mr. Westbrook,

Southwest Milam W.S.C.'s Groundwater Conservation Grant project dated April 2nd, 2019 is under budget by \$ 50,000.00 to \$ 60,000.00. Southwest Milam WSC's Board of Directors is requesting that these excess funds be used on a similar line replacement project, but in a different location.

The new project location is County Road 237, Milam County, where we have had five leaks in the first 10 months of 2019. The estimated loss from these leaks, including flushing after repairs is estimated at 225,000 gallons.

The scope of the project entails replacing 3,300 ft. of 6" PVC pipe, approximately 400 ft. of brush clearing, 3 driveway repairs and 5 meter reconnects.

Cost breakdown: Labor = \$ 30,100.00
 Parts = \$ 19,950.00
 Total = \$ 50,050.00

We appreciate your consideration in allowing us to perform this project using excess grant funds.

Sincerely,

A handwritten signature in black ink, appearing to read "Ken Hall", written over a white background.

Ken Hall
General Manager
Southwest Milam Water
