Post Oak Savannah

Dear Post Oak Savannah Groundwater Conservation District,

My name is Gabriela Ramirez and I am a Tier III Texas 4-H Water Ambassador from Milam County. I wanted to thank you for supporting our program and allowing me to continue my education on water resource management and conservation. I recently had the opportunity to attend a virtual leadership academy where we discussed the importance of wetlands, surface water rights, agricultural irrigation technologies, and much more. I look forward to events in the upcoming year that I am able to attend thanks to your support. I am willing to help with your activities this year and would also like to learn about your rainwater collection program and how to test water samples. With much gratitude and respect

Sincerely, Gabriela Ramirez

Dear Post Oak Savannah Groundwater Conservation District

Howdy! My name is Gabriela Ramirez and I'm a Tier I Texas 4-H Water Ambassador from Hidalgo County. I wanted to say Thank you for supporting this program and allowing me to learn about water in Texas. I recently had a virtual Leadership Academy where we discussed different types of aquifers here in Texas and how to conserve water in our own homes. I can't wait to participate in the upcoming year due to your support!
