Doug Box - Education Coordinator

Community Programs

Rainwater Harvesting 101; Friday, Feb. 5th was attended by 31 people. The next class will be June 4, 2021 This DIY workshop is needed to install a rainwater collection system of your own. This course is a requirement of the POSGCD Rainwater Harvesting Rebate program and participants will receive a certificate that can be used to apply for up to \$3,000 in reimbursement of costs installing a system!

EarthKind Landscapes; (Coming soon – Spring 2021) Participants will learn about how to prepare and improve soil and water-conserving tips, and more, to help set you up for success in own yard and garden!

The Website was a big part of this month with training, making changes. checking links etc. The new website is up and working. It is faster and cleaner.
