

The number of wells in our Monitoring Network currently sits at 302 and is broken down by formation as such:

Aquifer	# of Monitoring Wells
Hooper	45
Simsboro	57
Calvert Bluff	54
Carrizo	66
Queen City	31
Sparta	23
Yegua-Jackson	19
Brazos River Alluvium	7

Staff is gearing up to collect water level measurements in all Carrizo and Simsboro monitoring wells (see map below). This campaign is intended to gather data to assess impacts of the District’s Groundwater Well Assistance Program (GWAP) including services already rendered and services needed in the future (example: Annual Needs Assessment (GANA) report)
