Subject: Marlow WSC - 2022 Groundwater Conservation Grant

Gary,

I wanted to give you an update on our 2022 grant. We are still waiting on FEMA to issue contracts. Our grant writer, GrantWorks is confident that we are still going to receive the FEMA grant.

The Marlow WSC board of directors respectfully request that POSGCD grant an additional extension for the 2022 Conservation Grant.

I look forward to any questions and/or comments.

Thank you,

Robert "Roby" Jekel
Manager
