<sup>2</sup> Workshop for water well driller's to earn CEUs with Bobby Bazan and Texas Ground Water Association (TGWA).

**Education Initiatives**

Future Agricultural Grant Program

- Developing a grant program promoting irrigation technologies for local producers with educational training events on best management practices with AgriLife as a qualifier.
  - ✓ Acquired watermark soil moisture sensors and cloud-based Irrrometer readers. Dr. Gholson has provided training for users and developed detailed fact sheets to maximize the benefits of these irrigation technologies.
  - ✓ Partnering with county Extension Agents to identify producers willing to pilot these irrigation technologies.

**Priorities Moving Forward**

1. Annual Report Preparation: Initiating comprehensive updates to the annual report and website to better showcase our initiatives, team, and Board members.
2. Communication Strategy: Refining communication channels to align with educational goals based on stakeholder feedback.
3. Social Media Consistency: Aiming for more regular and impactful social media engagement.
